

DEFINITIONS

Applicant:	Any person, firm, corporation, organization, entity or governmental agency applying for service from the Company.
Company:	Tucson Electric Power (TEP) or UniSource Energy Services (UES) acting through its duly authorized officers or employees within the scope of their respective duties.
Connected Load:	The sum of the power rating of the customer's electrical apparatus connected to a Company meter.
Construction Drawing:	A drawing showing electrical facilities.
Crew:	Group of Company Journeyman.
Customer:	Any person, firm, corporation, organization, entity or governmental agency purchasing, utilizing, or prepared to utilize service from the Company under its Rules and Regulations at one location.
Demand:	The average rate at which energy is delivered during any specified period of time. Demand is normally expressed in kilowatts and measured over a 15 minute time period.
 Design Services:	Company Designer, Planner, Field Technician, Scheduling Coordinator or New Service Representative.
Distribution Lines:	Overhead (OH) or Underground (UG) lines operated by the Company at distribution voltage, which are constructed along public highways, bona fide rights-of-way, and including rights-of-way on customer's property.
Energy Diversion:	A loss of revenue as a result of a customer tampering with or bypassing Company metering or distribution equipment.
Line Work:	The installation of Company facilities such as poles, transformers, junction boxes, cable, wire, or any work other than installation of the service.
Month:	The period between any two regular readings of the Company's meter(s) at approximately 30-day intervals.
Point of Delivery:	The location on the customer's building, structure, or premise where all wires, conductors, or other current-carrying devices of the customer join or connect with wires, conductors or other current-carrying devices of the Service Provider.
Point of Delivery (Three-Phase Underground):	Secondary terminals at the Service providers pad-mounted transformer.
Preliminary Electric Design:	Preliminary drawing showing electrical facilities provided to the Customer for review and approval prior to completion of construction drawing.
